MIS
SCHOOL
MAR IVANIOS SCHOOL

MIS envisions a future where every student emerges as a confident, compassionate, and competent individual. Our vision is to stand as a symbol of educational excellence, known for producing well-rounded individuals who contribute positively to society. We aspire to create an environment that encourages innovation, critical thinking, and a passion for lifelong learning.

Our mission at MIS is to provide a nurturing and inclusive learning environment that empowers students to excel academically, embrace creativity, and cultivate a sense of social responsibility. We are committed to cultivating a love for learning, instilling strong values, and preparing our students to thrive in an ever-changing global landscape.

our motto

"Ignited Minds Enlightened Citizens".

To inculcate values in students so that we will have socially, intellectually, emotionally, spiritually and morally upright citizens.

To provide them with a conducive environment to infuse a sense of responsibility, self discipline and integrity.

To promote creative thinking of the students so that they may excel in society and become capable to face challenges in life.

To love mother earth and to have an awakening of a new conscience for sustaining the integrity of humanity and creation.

- * Regular Counseling
- * Smart Digital Classrooms
- * Full Power Backup
- * Under CCTV Surveillance

SHORT HISTORY OF THE SCHOOL

MIS is not just an educational institution; it is a community that believes in the transformative power of education. Our school is founded on the principles of fostering intellectual curiosity, promoting ethical behaviour, and nurturing the unique talents of each student.

Nestled in the serene surroundings near SGT University, Budhera, Gurugram, our campus is a haven for learning. Equipped with modern facilities, spacious classrooms, well-stocked libraries, and cutting-edge laboratories, we provide an environment that stimulates both the mind and spirit.

INTEGRATED PERSONALITY OF STUDENTS

The School takes utmost care in developing the personality of each and every one of the student. The most powerful expression of personality being quality of character and character is expressed through a principle centered living. We take special interest in the development of the human resources. To understand the human resources-traits, values, skills, cognition, feelings, experience, imagination, body system etc, we have designed suitable curriculum and stress on developing skills in physical activities, cognitive development, personal hygiene, social habits, spoken English etc. Since discipline usually functions through habits we prepare ground for sequencing of time with regard to habits enabling individual effectiveness leading to success. We learn that in the current scenario cognitive development alone does not count, development of emotional intelligence is also equally important. Hence extra care is given to the emotional development of the child. Considerable effort will be made for the development of human relation skills, listening and team building skills.

FINESSE OF SCHOOL

Library

The library is the heart and soul of an educational institution. In addition to class room visits collaborating teachers, the school library also serves as a learning space for students to do independent work, use of computers, access the internet, to host special events such as author visits and book club. We have an Elaborate library with number of books.

School infirmary

The school infirmary is equipped with the basic materials and facilities to address the health needs of learners while in school. An on-site trained and qualified nurse is available to manage and access any health issues that may arise during school hours.

Spoken English

Speaking English allows you to actually broaden your world from job opportunities to the ability to relate to people from every country. Knowing the language makes it much more interesting every trip. Spoken language skills are important in building and maintaining relationships in understanding and expressing feelings and emotions and in problem solving. Good spoken language skills are identified as supporting resilience when it comes to mental health.

Mathematics Lab

Mathematics lab is designed to provide students with concrete understanding of abstract concepts, promotes experimentation, enhanced engagement and interest, development of logical thinking, boosts creativity and critical thinking, collaboration skills and real-world applications. This lab enriches learning by making abstract concepts tangible, encourages collaborative and critical thinking, and helps cultivate a lasting interest in mathematics.

Science Lab

Science lab is designed to play a crucial role in fostering students' understanding of scientific principles through hands-on learning. It provides exposure to students in Practical Learning, Skill Development, Enhanced Engagement, Encouraging Inquiry and Real-World Applications. This lab transform science from abstract concepts into tangible knowledge, sparking interest in science-related fields and fostering a well-rounded education.

Geography Lab

The geography lab in our school is designed to provide a specialized environment where students can explore, analyze, and understand geographical concepts and the world around them. This lab enhances students' understanding of the earth and its processes by providing a hands-on, technologically integrated and collaborative learning environment that makes geography both engaging and practical.

Music and Dance

Music and dance classes play an important role in the holistic development of students. It improves the emotional expression and creativity, boosts confidence and self-esteem, physical fitness and coordination, relieves stress, develops discipline and patience.

Skating

We have included Skating as a school activity since it contributes to students' physical and mental development, builds essential life skills like confidence and focus and promotes a healthy active lifestyle.

Shooter training

Shooting practice, in our school is envisaged to provide unique benefits such as focus and concentration, hand-eye coordination, discipline and self-control, stress relief and emotional control, goal setting and persistence and it boosts Confidence in children.

Club Activities

Club activities assist students to cultivate a sense of unity and working with others in reaching the same goals. Students development, social skills, clubs facilitate students to meet, mix and work together with others from different back grounds in diverse environment. Activities conducted in the school not only benefit in shaping their interest and hobbies but also develop their leadership and social skills. So the school formed various club like Arts club, Sports club, Eco club, Literary club, Dance club, Music Club and more.
